Tim Suri and Paul Pawlusiak (r) pictured with a shipment of Got2bWireless car kits that recently hit the company's Wixom, MI warehouse. This shipment, consisting of thousands of kits, is already gone and additional shipments are on the way.

Wixom, MI – Opportunity is knocking for 12volt retailers – in a big, big way. Handsfree car kits plus speech to text services offer savvy 12volt specialists tremendous new avenues for sales and profit. Now is the time to get into the fast lane and promote this untapped profit center.

The combination of the Got2bWireless and Got2bVoice is a huge sales, installation and profit opportunity for every 12volt retailer. Virtually every customer that ever purchased a piece of 12volt gear, since your store opened, is a prime potential customer.

"Since we launched our Got2bWireless car kits and Got2bVoice service at CES the phone calls, emails and text messages have been nonstop. Everyone, from every company that has seen and tried the Got2b products, wants to know when they can start selling them" Tim Suri for Got2bWireless and Got2bVoice told 12voltnews.com. "We have dealers constantly sending emails and phone calls requesting information on reselling the Got2bWireless products?" This is a great opportunity for dealers and installers who rely on profitability not only reselling the product but installation. Now we have an affordable installed Carkit with Got2bVoice for safe driving, a easy sell to the consumer."

Got2bWireless car kits provide safer driving solutions for Bluetooth handsfree cell phone conversations. The line features 3 models that cover virtually any installation application. From the surface mount G2-2200, to the G2-1100 that fits into any 1" auxiliary hole or extra cigarette lighter housing, to the GTS-501 that is designed to fit all Toyota, Lexus and Scions with an OEM look Got2bWireless car kits have the field covered. "The GTS-501 Toyota Unit is a slam-dunk for OEM opportunities at the dealer level, especially for expeditors." Some dealers also work with large fleets for B2B business, this is great sell to companies who have sales people on the road constantly who require productivity along with safety, Now they can knockout emails during their commute. We have consumers already letting us know some have a 45 minute commute to the office and back home, they are able to respond, send, forward and delete emails during their commute and be more productive." We want everyone to see what we envision the future to be S.A.F.E (Safe, Affordable, Freedom and Easy)

The Got2bWireless kits are loaded with features including easy pairing for up to 4 cell phones, built in mic with vehicle stereo mute for incoming and outgoing calls plus caller ID through audio. Voice or digit dialing, redial, hang up and pick up features add to ease of use for Got2bWireless car kits that are compatible with all Bluetooth capable cell phones. Handsfree conversations are made crisp and clear through the high sensitive directional mic.

An installed Got2bWireless car kit only begins the "Got2b" Bluetooth handsfree experience. Got2bVoice adds the rest. The list of Got2bVoice features and ease of use is stunning. Once straightforward web based set up is complete, and contacts are entered, one is ready to enjoy the many options provided by the Got2bVoice service. A year's subscription is free with the purchase of a Got2bWireless car kit.

Simply select Got2bVoice in your cell phone contacts list and you can send an email by voice to anyone on your contact list. Place a call too. You can listen to your emails, forward an email, delete an email or reply to an email by voice command. And that is just the beginning. Users can create and send a text message to any contact with a mobile phone number by voice. Driving while "intoxicated" is far more dangerous than non-handsfree cell phone usage while behind the wheel.

Check your calendar, make additional appointments to your calendar and update social networking sites (Facebook and Twitter) – all can be done by voice through Got2bVoice.

"We are currently working on a portable CarKit to be launched within 60 days and also a LCD Model which is 120 days out. These 2 units will have complete voice prompts and voice response capabilities along with Got2bVoice provide to the consumer." Suri concluded.

This is what industry members are saying.....

"The Got2bWireless and Got2bVoice combination is one of the coolest products to hit the 12volt industry in a long, long time. Dealers readily see the possibilities for additional business and profit" Jeff Pedersen-Falcon Sales and Marketing based in Lake Stevens, WA

"When Jeff Pedersen demoed the product for us it instantly made sense. We will place an order when the area distributor receives the product" Laurie McEachron – Hoglunds, Everett, WA.

"I had a demo in Jeff Pedersen's truck and was very impressed with the performance. The Got2b products are a natural for us to carry and sell at a good margin" Steve Milburn – Sound Advice, Everett, WA.

"Got2bWireless and Got2bVoice are both great values for consumers and offer excellent profit opportunities for 12volt retailers. These products offer customers more safety and functionality for handsfree cell phone use." Jason Dubee- Progressive Sales -MI

"We are checking out the line and everything works great. My windshield time is so much more productive" Barry Bellar – Eagle Distributors. LA

"The quality of the streaming audio is superb and voice is right there too. Wayne Messina, Jr – Eagle Distributors. LA

12volt retailers "Got2" check out this huge profit opportunity offered by Got2bWireless and Got2bVoice. And don't forget...The law is finally on our side.
